**ISSUE:**

Award Contract for the Parkway Blvd. & 3100 South I-215 Bridge Deck Rehab Project

**SYNOPSIS:**

Lowest responsible bid was received by Granite Construction for the amount of \$373,604.00.

**BACKGROUND:**

Bids were opened for the project on February 17, 2015. A total of two (2) bids were received.

Under UDOT administrative rules, in the event that a state route crosses under a local road, the local jurisdiction is responsible for pavement and minor deck maintenance, and the state is responsible for major structure maintenance. These two bridges are in need of pavement replacement, this project will remove the existing asphalt and water proofing membrane down to the concrete bridge deck, and repair any defects in the bridge deck surface. As part of the project the expansion joints on both bridges will be reconstructed. The joint replacement will be paid for by UDOT under a cooperative agreement.

Funds are available in the FY14-15 Budget, and no budget opening is necessary.

**RECOMMENDATION:**

Award the contract to Granite Construction in the amount of \$373,604.00, and authorize the Public Works Department to spend no more than \$410,000 on the project.

**SUBMITTED BY:**

Daniel Johnson, City Engineer
